Aqua Magic

Our Magic approach

With years of industry experience, we have successfully executed projects of varying scales–from large industrial and complex Government Projects to Commercial and Private exquisite and sensitive projects. We are proud to combine technical expertise with a creative vision, ensuring every project is both functional, future proof and long lasting.

All members of our team are water management experts with an extensive experience providing project design consultancy, project management and execution, maintenance, upgrades and refurbishments of water management projects.

Water Management

Aqua Magic

Water management is a major component of our business offering supply, installation, operation and maintenance services for Offshore Rigs, Lakes, Farms, Reverse Osmosis Water Desalination Plants, Sewage Treatment Plants, Aquariums, Water Parks and more. We also provide consultancy for upgrades, efficiency and performance enhancement.

Water Treatment

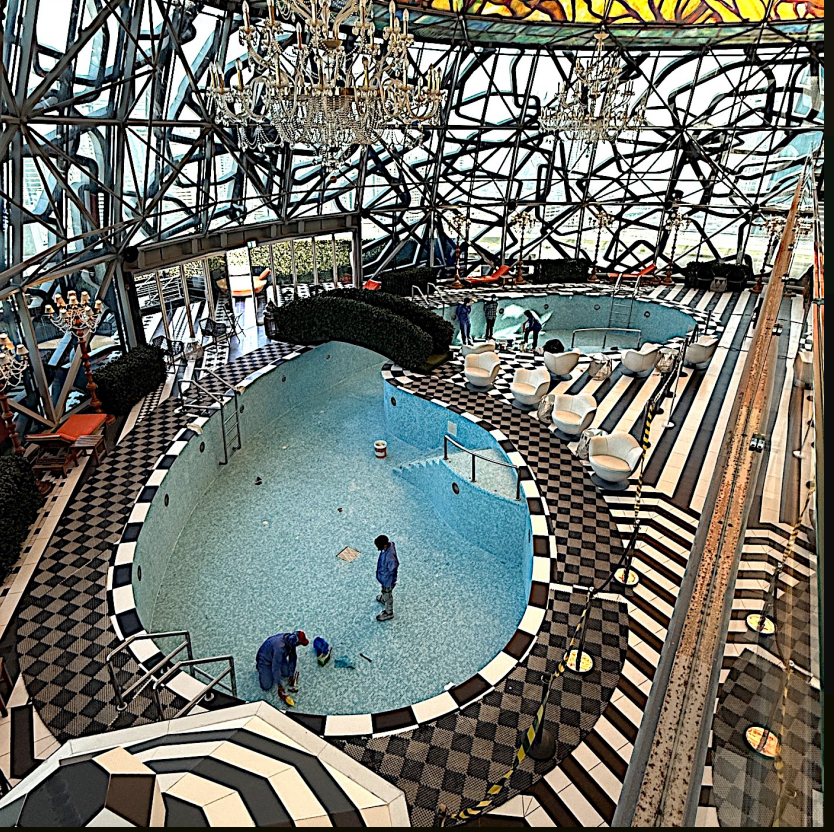

Aqua Magic

Quell®

CLEVER WATER

Water treatment is a core part of our DNA, weather we talk about lakes, ponds, pools, water features, drinking or domestic water, we bring and implement the purest eco-friendly chemicals, and latest, most affordable technologies to purify and disinfect the most valuable resource of our life, the water. Our drinking water filtrations systems are using sat of the art technologies to bring the best drinking water to our clients, by filtering all chemicals, bacteria, viruses and debris, yet maintaining all healthy minerals.

Constructions, Renovations and Refurbishments

We specialize in renovating and refurbishing of pools and water features, bringing a new life into aging or outdated facilities. Our team combines modern design concepts with advanced technologies to enhance functionality, aesthetics, and efficiency. Whether it's upgrading an existing pool, restoring a fountain, or modernizing a water treatment plant, we deliver tailored solutions that exceed expectations and contemporary standards.

Aqua Magic

Maintenance, LSI

(Langelier Saturation Index)

Aqua Magic

At Aqua Magic, we offer a full range of services including cleaning, chemical balancing, equipment maintenance, and repairs, deep cleaning, and consultancy.

We work closely with property managers, and facility management companies to provide customized solutions that meet their unique needs.

SPA

Aqua Magic

SPA and Wellness is one of our most sensitive and carefully addressed areas of our work. We build exquisite, breathtaking SPA's ranging from Ice Rooms, Salt Rooms, Saunas, Steam Room, Hammam, Experience Showers, Vichy Showers, Turkish bath and more.

Water Features

Aqua Magic

Water features are the expression of art through water and if water must be art, then it surely needs to be in its purest form. This is where we come to play, with latest effects, most modern designs to give goosebumps to the people enjoying the show, raising their mind and the spirit.

Water Tank Disinfection and Cleaning

Aqua Magic

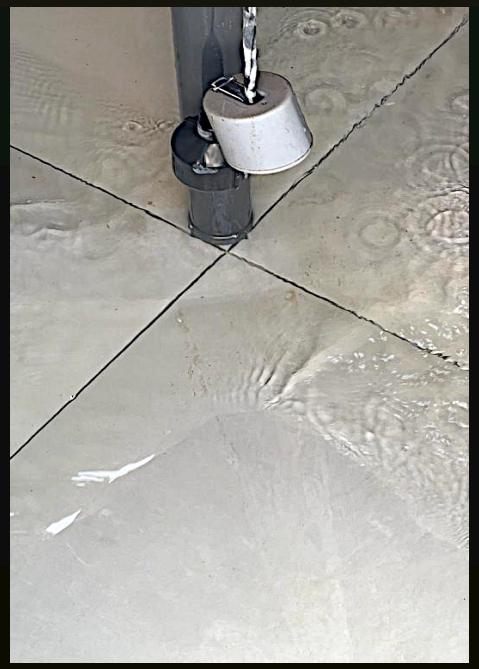

Drinking and domestic water are essential to human health and well-being, and maintaining their quality and purity is our top priority. We adhere strictly to BS 6700 Standards for Drinking and Domestic Water Storage and Network Maintenance, as well as the guidelines set by the Ministry of Public Health (MoPH) and Kahramaa in Qatar. This ensures the highest industry standards are met while safeguarding the environment through responsible disposal of used water and chemicals.

Our meticulous procedures include jet washing, super chlorination, hydrogen peroxide cleansing, UV light disinfection, thorough rinsing, and biannual lab testing for bacteria, viruses, and chemical composition, as required by standards. We provide flexible services, offering one-time disinfection and cleaning as well as comprehensive Annual Maintenance Contracts tailored to meet our clients' needs.

Tank Disinfection and Cleaning

Using high-end materials and high-tech tools and equipment, environment friendly chemicals, and a team of highly dedicated people, that understand and respect safety precautions, the work is completed well, fast and safe.

Aqua Magic

With a multidisciplinary and professional team our company can undertake challenging projects of Drinking Water, Domestic Water, Gray Water, and Black Water storage tanks cleaning and disinfection by deliver a high-quality and reliable service.

Our Magic Partnerships

Our commitment to customer satisfaction is what sets us apart from other swimming pool maintenance companies in Qatar. We strive to exceed our clients' expectations with exceptional service, quality workmanship, and competitive pricing.
